

Autism and the Child Under Three: Early Identification/Early Intervention

Sponsored by: Southern California Chapter - Infant Development Association of California
Co-sponsored by: Orange County Early Childhood Mental Health Collaboration and Orange County Health Care Agency (OC HCA)

Description:

This workshop will provide participants with the latest in research, family impact, sensory integration, and interdisciplinary practices. Presentations will include information from the field and from the family. The presenters have wide experience in individual and multidisciplinary approaches in the treatment of autism and young children. They will present from their areas of expertise and discuss the usefulness of relationship-based practice. Topics covered during the day will include:

Earliest Signs of Social Communication Problems and their Relationship to Autism, presented by Teri Book, RN, MSN, CPMP, Pediatric Nurse Practitioner, Outreach Coordinator, For Orange County Kids.

Sensory Integration and Autism, presented by Jerry Lindquist, Ph.D., OT, Clinical Psychologist, Neuropsychologist and Occupational Therapist, Buena Park Speech and Language Development Center.

A Conceptual Framework for Interdisciplinary Practice, presented by Constance M. Lillas, Ph.D., MFT, RN, Psychoanalyst and Private Consultant and Director, Interdisciplinary Training Institute.

A Lot Happens Before Words Are Spoken, presented by Richard Perkins, MA, CCC-SLP, Speech and Language Pathologist and Psychoanalyst, Newport Psychoanalytic Institute.
